Re: Standard Permit Registration Renewal Notification

Dear Mr. Fulleman:

Section 382.055 of the Texas Clean Air Act, Texas Health and Safety Code, Chapter 382, and Title 30 Texas Administrative Code (30 TAC) § 116.604, require all standard permit registrations issued by the Texas Commission on Environmental Quality to be reviewed for renewal every 10 years. This letter is to notify you that the referenced registration is scheduled for review. Please apply for review of your registration renewal no later than October 26, 2010 using the application form available on the Web address below. Failure to submit your application by this date will result in automatic expiration of this permit.

Re: Standard Permit Registration Renewal Notification

A fee based on the schedule indicated in 30 TAC § 116.614 must be submitted with this application. Upon receipt of your application, a determination will be made based on the number and type of emission points, emission rate and type of air contaminant, as to the need for you to furnish atmospheric dispersion modeling to determine the impact of emissions on the surrounding area.

Any application submitted by a person/entity who is delinquent on a fee and/or penalty will not be declared administratively complete until the fees/penalties are paid and/or current. Similarly, final action will be withheld by the agency on an application if it is discovered after the application is considered administratively complete that the owner/entity who submitted the application is delinquent on fees and/or penalties until such time as the fees/penalties are paid and/or current. You may visit the agency Web site for additional information at www.tceq.state.tx.us/agency/delin/index.html.

If we may be of any assistance to you in this matter, you may contact the staff of the Air Permits Initial Review Team or you may contact me at (512) 239-1250.

Sincerely,
